

CONSIDERING HOSPICE or PALLIATIVE CARE?

Dr Bob Uslander
INTEGRATED MD CARE

LEARN THE FACTS AND KNOW YOUR OPTIONS FIRST

Serious health conditions involve complex decisions. It can be challenging to make decisions that best honor your values and your dignity. Allow us to help you know what's possible and transform your experience from one of fear and struggle to one of peace and empowerment. As your partner and advocate, we walk beside you on this journey. Just call us.

WHAT WE DO

- In-home expert assessment of the patient and the care currently being provided
- Discuss specific goals/wishes of the patient and family and ensure that care aligns with those goals and wishes
- Identify current/potential gaps in care, discuss ways of filling and/or preventing the gaps
- Review traditional and alternative therapies to consider
- Provide guidance, recommendations, and advocacy regarding what is needed to maintain the best possible care and quality of life
- Review and assess current pain and symptom management strategies
- Create a realistic care plan and strategy for communicating with family, loved ones and care providers
- Provide critical, objective, common-sense information so you are empowered to make the best decisions at the right time

**We are not affiliated with any specific hospice or healthcare institution. We are committed to providing you with an honest, objective, unbiased assessment. There is a fee for our services. Contact us to learn more.*
